

## **Ice Cream Social Instruction**

The grooms road/vischer ferry stewarts has kits. You tell them how many people and they give you enough kits to cover. You pick out the ice cream flavors a few days a head of time. The ice cream needs to be picked up and set out for about 4 hours to soften. I believe you have time to talk to stewards about “donating the ice cream”. They do this once a year for non profits. I believe I paid \$68 or \$86 for previous party. I had three large vats of ice cream . Plain old chocolate was the most popular. Cotton Candy was next.

Stop in Stewarts. The phone people at headquarters are not as helpful.

I parent to pick up the stuff

2 parents needed to get all the supplies out on the table. (remember table cloths)
